

GRANTED FREEDOM! AFTER LONG FIGHT

SING SING LIFE PRISONER PAR- DONED BY GOV. DIX

Lawyer Sentenced Twelve Years Ago
for Millionaire's Murder Makes Long
Struggle for Release—Will Be Set
Free Today.

ALBANY, N. Y., NOV. 27.—Albert T. Patrick, who is serving a life sentence in Sing Sing prison for the murder of William Marsh Rice, an aged millionaire, in New York city, Sept. 23rd, 1900, was pardoned to-night by Governor Dix.

Patrick, who was saved from the electric chair by the late Governor Higgins in December, 1906, has made a remarkable fight for freedom. A lawyer by profession, he protested when Governor Higgins commuted the death sentence to life imprisonment, declaring that the governor had no legal right to cancel the original sentence and impose a punishment of life imprisonment.

"There has always been an air of mystery in this important case," the governor said. "Quoting from the minority opinion of the court of appeals—the atmosphere that surrounded the defendant showed that a fair and impartial trial was scarcely possible."

The governor expressed the hope that Mr. Patrick will devote his energies to a complete vindication of his declared innocence.

Governor Dix said superintendent of state prisons, Scott and scores of prominent citizens appealed to him in Patrick's behalf. The pardon was mailed tonight to Warden John S. Kennedy of Sing Sing and Patrick may be released tomorrow upon its receipt.

It is said Patrick plans to leave for St. Louis, the home of John F. Miliken, his brother-in-law, but may return later to New York and lay claim for the millions left by the aged man with whose murder he was charged.

Mr. Miliken aided Patrick in his fight for freedom and it is reported will assist him in his efforts to prove his innocence.

At no time during his long incarceration in Sing Sing, four years of which were spent in the death house has Patrick given up the hope of securing his freedom. Letter after letter has been received at the executive chamber urging that he be pardoned, and each successive governor since Governor Odell has been asked to extend executive clemency.

Governor Higgins was so impressed with the prisoner's plea that he granted him three respites and eventually commuted his sentence from death to life imprisonment.

Patrick was charged with having brought about the death of Rice, not by his own hand, but through the agency of Charles F. Jones, a valet employed by Rice. It was principally upon the testimony of Jones who confessed having administered chloroform to Rice at the behest of Patrick, while Rice was asleep, that Patrick was convicted.

Jones escaped punishment, and has long been able to hide identity from the public. At last reports he was said to be in Texas.

Patrick was sentenced April 7th, 1902, to die the week commencing May 5th, and was immediately taken to Sing Sing death house. An appeal was taken and on June 1st, 1905, the conviction was affirmed by the court of appeals. The court later denied an application for a rehearing and fixed the date of August 25th, 1905, as the date of execution. Former United States Senator David R. Hill, argued Patrick's case before the court of appeals and Patrick was brought to Albany from Sing Sing to hear the arguments.

The case eventually was taken to the United States supreme court which dismissed the appeal for want of jurisdiction.

Patrick, however, continued the fight, and appeals are now pending in the court of appeals on technicalities raised by the convicted lawyer, who, surrounded by law books in his cell has resorted to every legal means to secure his release.

The granting of a pardon by the governor restores him to citizenship.

Miliken is Not Surprised.

St. Louis, Mo., Nov. 27.—John T. Miliken, brother-in-law of Albert T. Patrick, and millionaire chemical manufacturer of this city, who has spent a fortune in defending the New York attorney and in endeavoring to obtain his release after his conviction, was not surprised at the news of Governor Dix's action in pardoning Patrick. He said that last summer he had a talk with the governor about the case and he assured him he would give the matter his closest attention and would do what he thought was conscientiously right and proper.

Mr. Miliken declared Patrick was convicted of a crime he never committed, and expressed confidence that with his freedom he would be able to fully vindicate himself.

Wife Has Been Active Aid.
New York, Nov. 27.—Pardon of Albert T. Patrick came as good news to many friends in New York who sided with him in his celebrated ten years' fight for freedom.

"It's a triumph," said George F. O'Neill, one of the counsel who aided

Mrs. Patrick, the woman who married the accused man in the Tombs, and who spent practically all her time since in seeking his pardon, was advised of the news, and while overjoyed, she declined to make a statement. She secured thousands of signatures to petitions asking Patrick's pardon. She also obtained affidavits from the foreman of the grand jury which indicted Patrick, asserting his belief that there had been a miscarriage of justice and commenting unfavorably on the fact that Valet Jones was allowed to go free, after having confessed that he actually committed the deed.

Coming from Texas in the late 90's, Patrick renewed acquaintance with William Marsh Rice a helpless old man of millions, who formerly was a friend of the Patrick family in Texas. He lay bed ridden in his New York apartment, living alone with the exception of a valet named Charles F. Jones.

When the aged millionaire was found dead in bed one morning the coroner decided he had simply succumbed to old age, but suspicions arose. Ten days afterward, a check bearing Rice's name in favor of Patrick was deposited in one of the latter's Rice and finally said he used the check to pay for his murder. On the heels of this, murder was whispered. Valet Jones was arrested. He tried to commit suicide in the Tombs. He alleged that Patrick had influenced him to do so. Suddenly he broke down and confessed that he was the actual murderer of his wealthy master, but that the deed was committed at the instigation of Patrick. He told many conflicting stories about how he killed Rice and finally said he used chloroform. Experts called by the state testified that Rice's death was caused by chloroform, while other experts called by the defense maintained there was evidence that death was caused by the drug. The state maintained that the motive for the murder was found in Rice's will. There was one executed in 1896, in which the old man left his fortune to the Rice Institute of Houston, Texas. A will of more recent date left all of the money to Patrick to be administered in philanthropic work under Patrick's direction.

Patrick denied all the accusations and persistently contended that the old man died a natural death.

Has Not Yet Been Informed.

Ossining, N. Y., Nov. 27.—Albert T. Patrick was not informed tonight of the fact that he had been pardoned. Warden Kennedy of Sing Sing prison, was absent when reports were received of the governor's action, and as the reports were unofficial it was decided not to inform Patrick. The official papers probably will reach the prison early tomorrow.

During his long incarceration, Patrick has not only become conspicuous through his own efforts to secure freedom, but for the legal aid he gave to many other convicts. He has helped many to prepare their application for pardons.

While occupying a cell in the death house before his own sentence was commuted, Patrick saw no less than 14 occupants of nearby cells led to the electric chair.

HITCKOCK PROPOSES RE-ADJUST-
MENT OF MAIL CARRIED BY R. R.'S

Proposes to Pay According to
Amount of Car Space Used In-
stead of By Weight Carried.

Washington, Nov. 27.—Re-adjustment of railway mail was the subject of a conference today between Postmaster General Hitchcock and representatives of several of the larger railway systems of the country. The railways are now paid according to the weight of the mail carried, while Mr. Hitchcock proposes to pay according to the amount of car space actually used.

Figures compiled at the post office department as to the actual cost of carrying the mails indicate that under the present system many roads are receiving an exorbitant amount, while some of the smaller lines are actually losing money. Under the weighing system the government pays approximately \$20,000,000 a year to the railways for carrying mail. Mr. Hitchcock contends that if his plan is adopted, it will result in an annual saving of not less than \$9,000,000.

BEGIN FIGHT FOR CONTROL OF SENATE

TEN COOK COUNTY DEMOCRATS WILL STAND TOGETHER

At Meeting Yesterday Refuse to Com-
promise With Republicans—Jones
and Harris, Progressives, Hold Bal-
ance of Power.

Chicago, Nov. 27.—Ten Democratic members of the senate from Cook county districts today took the first steps in their fight for control of the upper house of the general assembly. A meeting of all Democratic senators will be held in Chicago some time next week, when definite plans for the organization fight will be made.

Although the complete official returns show that the Democrats have only 24 members of the senate, or two fewer than a majority they are hopeful of gaining control. The Republicans have only 25 members, including Senators Thomas B. Stewart of Aurora who is claimed by the Republicans and Progressives. Walter Clyde Jones and George W. Harris, Progressives, hold the balance of power.

A plan was discovered to checkmate the plan suggested by the Republicans whereby it was proposed to organize the senate by eliminating Senator-elect Harris from voting on the organization because of ineligibility and enabling Lieut. Gov. John G. Oglesby to cast the deciding vote in favor of the Republican plan of organization.

The Democrats say that in case the Republican scheme should work out, it would be possible to reconsider the action after Lieut. Gov. elect O'Hara takes his seat. In the event of reconsideration Mr. O'Hara would be able to cast the deciding vote in favor of the Democrats and that party would then be in permanent control.

FRIENDSHIP WITH ENGLAND IS A
GUARANTEE OF EUROPEAN PEACE

Joseph Reinach, Member of France's
Chamber of Deputies, Makes State-
ment.

Paris, Nov. 27.—"Our friendship with England is one of the main guarantees of European peace," said Joseph Reinach, a well known member of the chamber of deputies, speaking tonight at the annual Thanksgiving dinner of the American club of Paris. The deputy continued:

"This friendship is nevertheless a young friendship. That between the United States and France is older; not a single cloud has ever passed over it. Our soldiers crossed the ocean to fight for your freedom; your ideas crossed back to help us to our liberty."

M. Reinach paid glowing tribute to American energy, achievement and steady progress, which he said should be a great lesson to Europe and he added:

"European energy lacks continuity."

The other speakers included Baron d'Estournelles de Constant, and James E. Dunning, American consul general at large.

Among the guests were the members of the American army commission now touring Europe headed by General McClernand.

The American Ambassador, Myrno T. Herrick, who is now in the United States, was represented by Robert Woods Bliss, charged d'affaires.

CHIEF OF POLICE OF LONDON IS

Man Who Had Been Refused Taxi-
Cab License by Chief Makes Dead-
ly Assault.

London, Nov. 27.—Sir Edward Richard Henry, chief commissioner of the London Metropolitan police was shot and seriously wounded to-night by a man named Bowes, who had been refused a taxi-cab license by the commissioner. Sir Edward was alighting from a motor car at his residence in Kensington on his return from Scotland Yards, when the man rushed from the opposite side of the street and shot at him three times with a revolver.

One bullet entered the left groin, inflicting a dangerous wound; the others missed their mark. The commissioner's chauffeur, who is an ex-policeman, grappled with the assailant and overpowered him.

MEXICO REFUSES PLANS.

Washington, Nov. 27.—Mexican Ambassador Calero, announced today that his government would not consent to the appointment of a joint commission to consider the claims of Americans who suffered losses in revolution Mexico during the Madero revolution. Senator Calero said American claims are being considered along with those of other nations, and that he thought the commission investigating them would complete its work by April, when an appropriation would be asked from the Mexican congress.

ARE WORKING HARD TO SECURE PEACE

EUROPEAN POWERS ARE BUSY NE- GOTIATING FOR SETTLEMENT

Great Britain and Germany Are
Working Actively to Secure a
Peaceful Settlement Between Aus-
tria and Serbia—Hostilities May
Re-open at Any Time.

LONDON, NOV. 27.—The tension in the Balkan crisis is sensibly relieved by the news that the peace plenipotentiaries are continuing their negotiations and that Great Britain and Germany are working actively to secure a peaceful settlement between Austria and Serbia.

According to one Constantinople report the difficulties in the way of arranging a formal armistice are so great that the negotiations are taking the form of seeking a basis for peace.

The danger of the re-opening of hostilities, however, still is serious. Apparently only an informal armistice of 48 hours has been agreed upon and it is reported that the Bulgarian forces are already moving closer to the Tchaatalja lines and entrenching themselves in readiness to renew the attack.

The Turks have an army of more than 100,000 and soon will have 30,000 for the most part picked troops, behind the lines, and it is certain, according to all the correspondents, that they will give a good account of themselves in the fighting.

Under these circumstances, with Adrianople and Sautari still holding out, Turkey is little likely to show a very yielding attitude in the peace negotiations. The report that the Servians have reached Durazzo appears to be premature. A wireless despatch brings the interesting news that Albanian independence has been proclaimed there, that the Turkish governor is preparing to depart and the town is accepting without opposition the new regime.

What attitude the Servian army and government will assume towards this development should afford some idea of whether, as reported, Serbia is willing to accept the suggestion of an autonomous Albania.

The greatest weight is attached in the diplomatic world to the seemingly well authenticated report that Great Britain and Germany are now acting in cordial co-operation on the basis of postponing all side issues until after the war settlement. A reassuring statement also comes from St. Petersburg that Russia and Austria do not desire to fight over a port on the Adriatic.

This was what appeared to be the hostile camp seems to be dissipated for the time being at least.

Lincoln, Neb., Nov. 27.—Head Consul A. R. Talbot, of the Modern Woodmen of America, after noon declared the report from Rock Island stating that an order had been issued by the executive council suspending the new rates of the Modern Woodmen of America is untrue. He is chairman of the executive council, and left Chicago Monday. Mr. Talbot declared nothing could be done by the executive council before it was ascertained how broad was the injunction recently granted in Illinois. He said no plan of action will be settled upon until the decree is lifted Friday.

Mr. Talbot pointed out that there was no alternative to transacting business under the old rate until the legality of the new charges had been delivered by the courts.

GOVERNOR-ELECT DUNNE PUTS
FINAL BAN ON INAUGURAL BALL

Celebrations Are to Be As His Demo-
cratic As He Can Make Them.

Chicago, Nov. 27.—Governor-elect Edward F. Dunne today put the final ban on an inaugural ball to conclude his inauguration ceremonies. The inauguration is to be as Democratic as the new governor can make it. Mr. Dunne even objects to the military features of the day, but this part of the ceremony has not been settled. A reception to the public on the second floor of the state house after he takes oath of office has Mr. Dunne's approval.

Mrs. Dunne, who several days ago paid a visit to Mrs. Deneen at the governor's mansion, today completed her plans to have four of the bedrooms divided into eight to accommodate her numerous family.

"I don't think any previous governor of Illinois could have had nine children as we have," she said today. "Even as big a house as the governor's in Springfield is a close fit for an old fashioned family like ours."

Says Murphy Sent Statement.

An article published in the Chicago Evening Post, according to W. S. Forman of that paper was sent him by President Murphy of the Chicago National league club. Mr. Murphy said he had not read the entire statement before it went to Mr. Forman. After the meeting Mr. Murphy refused to discuss this phase of the case.

The specifications which were not sustained included a letter from Fogel to President Lynch and a telegram from Fogel to President Herman of the Cincinnati club. In both of these communications it was charged Fogel contended that the umpires were "crooked" and that the Philadelphia team was getting a rotten deal."

EXPULSION FROM LEAGUE COUNCILS

DECISION REACHED AFTER SIX HOURS DELIBERATION

Former Philadelphia President Prac-
tically Tells Magnates He Would
Pay No Attention to Their Findings
--At No Time Was Verdict in Doubt

New York, Nov. 27.—Horace Fogel, former president of the Philadelphia National league baseball club is for ever excluded from participation in the councils of the national league. This was the decision of the magnates of the league after six hours consideration today of the charges that Fogel had made statements reflecting on the integrity of the National league.

Of the seven charges, the club owners found the former Philadelphia club president guilty on five, and dismissed the other two as relating to privileged communications.

Mr. Fogel had no sooner read the decision than he countered it with a defiant statement. Before the meetings began he had expected such a decision, he declared. "The jury was picked against us," he asserted, and he practically told the magnates who had expelled him from their councils that he would pay no attention to their findings.

Makes Defiant Statement.

"I will sell or represent as I please, the Philadelphia club in the National league as long as I feel inclined to do so," he declared, and no one can disturb me from doing so."

Mr. Fogel said that his attorney, Mr. Shields had suggested to him after hours of discussion that he withdraw and resort to the courts on "the grounds that there was a baseball political conspiracy against me to get someone else."

"I said," Fogel explained, "that I owed it to my baseball reputation, which I consider spotless, to fight the case to the finish. I procured witnesses on each charge to refute overwhelmingly the testimony of the opposition. Mr. Shields still contended that it was a waste of time, and that we might as well resort to the inevitable. I still contend that we should meet the issue because I had suggested at the start that an open meeting be held."

Charges League Politics.

The entire affair is National league politics. Fortunately my constitutional rights are safeguarded in common law, and the result of the verdict of the packed jury against me does not affect my property rights in the future. I would simply add that the people of America know my reputation as a builder up, and I will stake my reputation for fairness and sportsmanship against that of any man who voted against me on five of the seven charges and who ruled out the other two charges for political purposes."

President Wiler of the Philadelphia National league club refused to vote on the charges against his predecessor on the ground that the league lacked jurisdiction in the case.

All the clubs in the league were represented today, and all except the Philadelphia club voted to sustain the five charges against Fogel. No testimony was taken at the meeting, and the league representatives went into executive session immediately. At no time, it was said, was the verdict in doubt, but the magnates debated at considerable length the form in which the resolutions should be drawn.

No Discussion of League's Powers.

There was discussion also concerning the powers of the league as to the privileges and duties of its own members. As finally given in the resolutions the league magnates decided that they had unlimited powers to say who should not represent any club forming the league but that they did not presume to say to any club who should represent it in the national councils.

The charges on which Fogel was found guilty were that he had accused the St. Louis club of playing its weakest team against New York; that he verbally attacked the integrity of the National league race of 1912 and intimidated that the race was "crooked" at the same time charging that National league umpires had given all close decisions to the Giants; that in an article in the Chicago Evening Post under date of Sept. 28th, Fogel had made accusations against President Lynch and charged his umpires with collusion; that in a letter dated October 12th, which Fogel sent to the other seven National league club owners he had declared the league race of 1912 was not honest and that President Lynch and his umpires were incompetent and Fogel had made verbal and written charges reflecting upon a specified National league umpire.

Says Murphy Sent Statement.

An article published in the Chicago Evening Post, according to W. S. Forman of that paper was sent him by President Murphy of the Chicago National league club. Mr. Murphy said he had not read the entire statement before it went to Mr. Forman. After the meeting Mr. Murphy refused to discuss this phase of the case.

MRS. PANSY LESH ACQUITTED BY JURY

LEAVES SEDALIA FOR VISIT WITH JACKSONVILLE RELATIVES

Is Accompanied by Her Uncle, Louis Luttrell--Will Go To Los Angeles To Get Possession of Her Son.

Sedalia, Mo., Nov. 27.—Accompanied by her uncle, Louis Luttrell, a Texas farmer, Mrs. Lesh who today was acquitted of the charge of murdering Mrs. Quaintance in 1904, left for Jacksonville, Ill., tonight. She said that after a short visit with relatives in Jacksonville, she would return to Los Angeles and attempt to get in possession of her two-year-old son.

Following the action of the jury, Prosecuting Attorney O'Bannon announced that he would drop the suit against the woman for the alleged killing of Mrs. Eliza Coe. Mrs. Lesh received the jury's finding deliberately and thanked them and other court officials for their courtesy. The acquittal did not come as a great surprise by citizens as public sentiment has been constantly growing in favor of the accused woman.

Witnesses in Case.

Judge Shain in giving his instructions to the jury held that the corpus delicti had not been established by outside evidence and the confession of the accused consequently could not be considered by the jury. The verdict was written by Judge Shain and he gave instructions to the foreman to sign the same.

Dr. Claybaugh was among those who testified in the death of Mrs. Quaintance, whom Mrs. Lesh says she had poisoned with rough on rats. Dr. Claybaugh testified that he attended the patient and that he gave her a hyperdermic injection of morphine the day before she died, and that the woman was benighted by the course of medicine. He said that there was nothing about her death that aroused his suspicion as Mrs. Quaintance had suffered for a number of years with strangled hernia. The physician testified that he attended the patient the night before she died and that she was in great pain and vomited frequently. The symptoms of poisoning from arsenic and strangled hernia are almost the same. He stated that he had no reason to believe that death was due to taking any poison or other foreign substance.

Another witness in the case was Dr. R. L. Ferguson, who testified that he saw Mrs. Quaintance after her death and that he had no reason to believe that the woman had met with foul play. He stated that he thought the symptoms of poisoning from arsenic and strangled hernia were almost identical. He also said that her death was not all together unexpected.

A brother-in-law of Mrs. Quaintance, F. F. Quaintance, was put on the witness stand. He said that Mrs. Quaintance suffered for many years with strangled hernia and the day before she died she had vomited violently and was relieved by a hyperdermic injection of morphine by the attending physician. He stated that there were no symptoms that would lead one to believe that the woman had died from poison.

The relatives here received a telegram Wednesday from officials in Sedalia, saying that Mrs. Lesh had been acquitted by the jury.

ILLINOIS AND LINCOLN WILL PLAY FINAL FOOTBALL GAME OF SEASON THIS AFTERNOON ON ILLINOIS FIELD

Fred Stewart

Basil Sorrell

Three Illinois players who are expected to figure prominently in gridiron struggle for supremacy today.

At 3:30 o'clock this afternoon on Illinois field Illinois and Lincoln will battle for supremacy. The Illinois team had its last practice yesterday afternoon and the men are in splendid condition for the fray. Word from Lincoln stated that the Lincoln team is also fully prepared and that they are coming to redeem themselves by wiping out the score of 6 to 0 which the Blue and White players made in the first game of the season. Fresh from the trouncing which they administered to Wesleyan, 21 to 3, less than a week ago, the Lincoln players are expecting to win this afternoon in comparatively easy fashion. It is claimed that the Lincoln team has greatly improved since their game here early in the season. However, the Illinois team has not been idle

all this time and the men who started the year as novices at the game are now veterans of seven hard fought games. Lincoln will find that the Illinois men have improved enough since the first contest to balance the improvements which Lincoln has attained. The Illinois players fully realize that they will have to play to the limit in order to win. They are not overconfident but simply feel that what they have once done they can do again. Every man on the squad is imbued with the do or die spirit and when players feel that way they usually play the game of their lives.

Captain Ross and Kingsley will play their last game of football tomorrow for old Illinois. Ross has been a fighting leader all season and would like very much to end his football career at Illinois with a victory. All of his team mates are anxious to send him and Kingsley

from the gridiron tomorrow afternoon with the cheers of victory ringing in their ears. Eager to get into the fray the Blue and White players patiently await the sound of the official's whistle which will summon them to action this afternoon at 2:30 o'clock.

The probable line-ups are:

Illinois	Position	Lincoln
Pierce-Kline	Fischel
Ross (Capt.)	Taylor
Holmes	McGough
Tandy-Berryman	Roberts
Russel-Kingsley	Boone
Lukeman	Beaver
McLaughlin-Karch	Palmer
Stewart-Gary	Porter
Sorrells	Bunn
Alford-Jaccard	Graham
Furr-Darragh

Officials: Meredith, (Wesleyan), referee; Richards, umpire; Kirby, head linesman.

TODAY SEES CLOSE OF FOOTBALL SEASON

GAMES SCHEDULED FOR THIS AFTERNOON WINDUP GRID-IRON BATTLES.

Notre Dame and Marquette at Comiskey Park Will Hold Center of Stage in West—Cornell and Pennsylvania Are Big Show in East.

CHICAGO, NOV. 27.—The 1912 football season will be brought to a close tomorrow with a number of games scheduled in all parts of the country.

In the west interest will be focused on the game between Notre Dame and Marquette to be played here at Comiskey park because of the fiercely fought draws between these teams in the last three years, and because the national Catholic supremacy in football depends on the outcome. All of the players are in excellent condition and deke to concert pitch for the last, as well as most important battle of the season for them. In addition to the local contest there are other major games on the western card. Ohio state and Michigan Aggies will clash at Columbus, Butler and Rose Poly settle their annual differences at Terre Haute. St. Louis and Holy Cross are paired for a game at the Mound City. Lombard and Knox at Galesburg; Loyola and Detroit college at Detroit, DePauw and St. Viators at DePauw field, fill out the bill.

Notre Dame has won all of its games this year, the majority of them by large margins. Marquette has lost twice, but it always plays its best game against the South Bend crowd. In a way the west will be pitted against the east in the east. Notre Dame uses eastern plays almost to the exclusion of all other kinds.

Marquette engineers a western concoction of tricks, depending mostly on forward passes.

Notre Dame is but little heavier than their northern opponents. The lines are almost equal as far as weight is concerned. It is in the back field that Marquette apparently has the advantage with an average of twelve yards more to the man. Dora, for Notre Dame may offset the advantage by his clever running and sturdy booting, while Indiana's big fullback, Flehenland, is expected to tear through Marquette's line at stated intervals. Walter Eckersall will act as referee and Walter Stefens as umpire.

Both Teams in Fine Shape.
Philadelphia, Nov. 27.—A crowd that will tax the 31,000 seating capacity of Franklin field is expected to witness the annual Thanksgiving day football contest between Pennsylvania and Cornell. The surprising reversal of form by the red and blue team in the games with Michigan and the Indiana and the belief that the Cornell eleven has been trained all season with nothing but this contest in view, has resulted in a wide-spread interest in the event.

Both teams are reported to be in the best of condition. While Cornell has been putting on the finishing touches at Atlantic City, the Pennsylvania players have been holding final practices at White Marsh, a suburb.

Nine of the Cornell players scheduled to start are veterans who have been thoroughly drilled in the new system of play introduced at Ithaca by Coach Sharpe this season.

The affirmative was supported by John Groves, John Keeley and Miss Thomasina Clerihan, and the negative by Edward Alexander, Ralph Ryan and Miss Frances Tuile. The decision was awarded to the negative.

STREET CAR AND SURREY IN COLLISION

Capt. Taylor and Commissioner Newman Were Thrown From Vehicle.

Near the noon hour Wednesday Commissioner William Newman, Capt. F. C. Taylor and Miss Mary Newman were in a surrey which collided with a street car in front of the high school building. Capt. Taylor was thrown out by the collision and received a long cut on the side of his head. He was unconscious for some minutes and was taken to the office of Dr. W. K. McLaughlin, and then to his home on East State street. Mr. Newman received a small cut on the left side of his head and Miss Newman was uninjured.

Mr. Newman heard an automobile coming from the east and after it passed him turned to drive toward the square. As he turned on the track he and the other occupants of the surrey saw the car approaching at a rapid speed but they were powerless to avert a collision. The car struck the surrey on the left hind wheel and while the wheel was not shattered the force of the impact was such that both Mr. Newman and Capt. Taylor were thrown out. Capt. Taylor received a gash on the side of the head and the blow thus received together with the fright rendered him unconscious. After being taken to his home it was some time before he could remember what had happened to him.

Mr. Newman's injuries were slight and the vehicle was damaged to some extent. Horace Walpole was the motorman and Charles Elledge the conductor of the car. Mr. Newman claims that the car was traveling at a high speed. It was a matter of good fortune that the accident did not result more seriously.

FAIL TO POLL TWO PER CENT.
Springfield, Ill., Nov. 27.—Because they failed to poll the two per cent of the vote at the election November 5th, the Prohibition and the Socialist Labor parties cannot place any candidates in the field at the next primary in Illinois. This became known today when the official figures from the entire state on the results of the election were given out by the secretary of the state.

The official figures show that Woodrow Wilson's plurality in the state is 10,010, his total vote being 405,048. This is 224,884 less than the total vote received by Taft in 1908 and 45,762 less than Bryan secured at the same election.

Dunne Makes No Promises.
Chicago, Nov. 27.—Claims of the Progressives for recognition in his disposition of minority favors were presented to Governor-elect Dunne today.

Harold L. Jekes, chairman of the Progressive Cook county committee and Raymond Robbins at one time a lieutenant of Mr. Dunne, visited the new governor in his office and made the request in behalf of the new party.

Mr. Dunne made no promises. He listened to the oratory of the Progressive leaders and then declared he would take the plea of the third party men under advisement.

Special Thanksgiving Offering

We take great pleasure in announcing for this afternoon and night the really great Picture "IN THE LAND OF THE LIONS" in two reels. Revenge at its worst and a wild beast assisted in quest of the lives of a family are the chief ingredients of this dramatic compound. So strong is its realism that the audience almost seems to hear a mighty roar of the lion as his human prey just eludes the attack. South Africa is the scene. The Del Espina family becomes indebted to its neighbor. The wife of the debtor entreats for an extension of time and is ordered from the premises. Subsequently she and her husband plan an awful revenge and contrive to capture a lion and turn it loose on the premises of the neighbors. The Moreno hungry animal drives the family from the lawn to the house and from cover they succeed in shooting it with a revolver passed in through the barred window. Their escape however is nothing short of miraculous and the tragic story is told wonderfully.

The program to day will also include a splendid comedy reel and one of those great 101 Bison Western pictures. BE SURE TO HEAR THE SPECIAL MUSIC BY THE MAJESTIC ORCHESTRA. THE PROGRAM WILL INCLUDE THE WELL KNOWN HUNGARIAN DANCE—BRAHMS.

Business men will be asked for subscriptions but solicitation will by no means be confined to them and men and women in all walks of life will be asked to contribute their share. JACKSONVILLE MEETS SPRINGFIELD TODAY

Two High School Teams Will Fight It Out in Springfield This Afternoon For Gridiron Honors.

Every student of the local high school has his mind on the big football game which will take place this afternoon in Springfield, between the eleven of that city and the J. H. S. warriors. Coach Buland reports the squad in good condition and while the local school held Springfield to a 0 to 0 score, he believes that Springfield, although they have a line of victories to their credit, are not unbeatable and that the red and white will show them how to turn the trick this afternoon.

The school was unable to secure the special train on the Wabash. The team and rooters will leave this morning at 8:28 over the Wabash. Returning they can come home via Ashland with less than an hour's wait at Ashland and arrive here at 10:40. Or else connections can be made via Roodhouse, arriving here at 1:58 a. m.

Coach Buland will present the following line-up:
Right end—Burdick, Kolp.
Right tackle—Jackson, Briscoe.
Right guard—Haigh, Alcott.
Center—Hale.
Quarterback—Stewart.
Left tackle—Hall.
Left end—Johnson.
Quarterback—Maddox.
Right half—Cannon, Jackson.
Left half—Reeve.
Full back—Reid.

Springfield's Side.
What Springfield thinks of the battle today can be estimated from the following story from the Springfield Evening News:

"Jacksonville high school held the locals to a 0 to 0 score at Jacksonville early in the season and is coming to Springfield after the championship. If it succeeds in downing the local aggregation, it will finish its season among the highest ranking squads in the state.

"Coach Weber has taught his men that they must not expect to walk away with the visitors. The Morgan county lads are unquestionably husky and they know football. The coach attaches little significance to the fact that his men failed to score against them in the earlier game for he says the local outfit played far below its standard. In fact, he has made more than a little comment of a distinctly caustic nature to his men on that subject.

"He does think, however, that the visitors will play up to a standard that will keep the Red and Black squad working hard until the last whistle blows and he thinks, too, that any lapse in vigilance on the part of the locals will result disastrously for them.

Schneider Is Back.
"Schneider will be back at his half back job, having recovered from injuries suffered in the Mattoon game last Saturday. He was in uniform today for the first time since his injury and worked out for a short time with the squad. Coach Weber will have twenty men in uniform tomorrow, ready to go into the game and play. There are in the best possible condition and all are first class gridiron men.

"The high school freshmen will play a curtain raiser with the Edwards school team.
"Officials for the high school game will be Yoder of Milliken referee; Watkins of Normal, umpire, and Brown, Springfield, head line man."

King's Needlecraft will be shown at Dunlap hotel parlors Friday and Saturday, Nov. 29th and 30th.

Miss Genevieve Blair, head of the cloak and suit department of Phelps & Corne's store, will spend Thanksgiving day with home folk in Cleveland, Ohio. She expects to attend the annual clearance sales of coats and suits in Cleveland and Chicago and purchase some novelties for the establishment here.

LAY PLANS TO REMODEL LYNNVILLE CHRISTIAN CHURCH

Members Hold "Boosters' Meeting" Last Night and Committee Appointed to Look After Work.

The members of the Christian church at Lynnville held a Boosters' Meeting Wednesday night for the purpose of making plans to remodel the church and look after the various interests of the property. There was a large audience present and the gathering was enthusiastic. The good people expect to build an addition to the church to be used as a Sunday school room and a basement will also be made. It is probably that the pulpit will be moved to the north side of the church and other improvements are contemplated. The church work is in charge of the building committee composed of J. R. Allen, chairman, C. H. Gibbs, secretary, John Heaton, Allen Gordon and Berry Heaton. They are to hold a meeting soon to decide on the improvements and submit the same to the church to be voted upon. Under the pastorate of Rev. G. W. Burnett the church has made splendid progress and all feel that a larger field of usefulness for that denomination in Lynnville is at hand.

The following program was given.
Song service.
Scripture reading—Rev. G. W. Burnett.
Prayers.
Violin solo—Harold Jewsbury.
Discussion of improvements.
Cornet solo—Claude Jewsbury.
Clarinet solo—Albert Campbell.
Miss Bertha Gordon acted as accompanist.

The Twentieth Century class, under the leadership of Fred Jewsbury, served a fine oyster supper which was greatly enjoyed.

Miss Florence Hall is secretary of the local association and Arthur Swain is the chairman of the committee appointed to look after this special work.

Funeral services for Llewellyn Davies were held Wednesday morning at 10 o'clock at Salem church in the presence of a large assemblage of relatives and friends and were conducted by Rev. W. M. Carter. A quartet composed of Miss Cora Graham, Mrs. J. H. Campbell, C. L. Mathis and W. W. Gillham sang "Jesus, Lover of My Soul," "My Savior as Thou Wilt" and "Asleep in Jesus." The flowers, which were many and beautiful, were in charge of friends.

WITH THE FIGHTERS.
St. Louis, Mo., Nov. 27.—When the gong sounded at the end of the sixth round of what was to have been an eight-round fight tonight between Abe Attell, former feather-weight champion, and Oliver Kirke in St. Louis, instead of retiring to his corner, Attell stepped to the ropes and announced that he had had enough, that he had given "the best that was in him," but that he was now through with the fight game forever. He was badly outpointed in the six rounds.

Columbus, O., Nov. 27.—Joe Jeanette of New York, knocked out George Christian of this city in the ninth round of the scheduled ten-round bout tonight. At no time did Christian have a chance and from the start it was only a question of how long it would take Jeanette to stop him. He went down in the ninth with a right hook to the jaw and was out for the count.

Los Angeles, Nov. 27.—An absence of heavy wagers is apparent on the fight between Mandot and Rivers here tomorrow. Mandot is a 10 to 7 favorite.

Verdict Was Returned at Noon Wednesday Freeing Defendants From Charge of Burglary.

In the circuit court about noon Wednesday a jury returned a verdict declaring J. E. Decker and William Hale not guilty of the charge of burglary for which they were on trial. The closing speeches were made for the state by State's Attorney Tilton and for the defense by Judge Barnes and the court instructions were then given. The jury was out less than an hour. The principal witnesses for the state were William Flynn, Lionel Hare and Lee Flowers who some time since confessed their guilt in stealing cigars from the McCarthy-Gebert factory and were sent to St. Charles. They charged that Decker planned the theft for them and they and Hale assisted them.

SUICIDES AFTER FAMILY QUARREL.
Chicago, Nov. 27.—After quarreling with his wife in their home on the West Side tonight, Frank Sherman, 38 years old, committed suicide by placing his mouth over the muzzle of a loaded shot gun and discharging the weapon with his foot by stepping on a small stick of wood which he had inserted in the trigger guard.

The shot tore away a part of his face and he fell to the floor dead. Mrs. Sherman fled from the house when she saw her husband take the shot gun from a closet.

King's Needlecraft will be shown at Dunlap hotel parlors Friday and Saturday, Nov. 29th and 30th.

GIFTS FOR THEIR PASTOR.

Allen came to the city with a whole wagon load of corn, potatoes, chickens, butter, eggs and various other kinds of produce which he left at the "parson's" house. MAY SOON KNOW RESULT OF "COFFEE TRUST" SUIT NEGOTIATIONS

Diplomatic Intercourse Between United States and Brazil is Proceeding With Celerity.

Washington, Nov. 27.—Negotiations between the United States and Brazil for the friendly settlement of the "coffee trust" suit in which the Brazilian state of Sao Paulo is so intensely interested are proceeding with celerity and the result may be known within the next few weeks.

While officials of the departments of state and justice are reticent regarding the diplomatic intercourse, it is known that the government of Brazil is negotiating with Edwin V. Morgan, American ambassador at Rio Janeiro, to learn the terms upon which Attorney General Wickes' suit will settle the suit without further fight in the courts.

Several propositions have been made by Brazil to this government, and these have been met by counter proposals. It is still uncertain whether an agreement can be reached. It is believed here that any settlement would contemplate the gradual sale within a limited time on the open market of the 950,000 bags of coffee, valued at \$10,000,000 said to be stored in New York under the Brazilian valorization scheme which constitutes the alleged trust.

Pending the result of these negotiations the anti-trust suit is expected to remain in the courts of State Quo.

ORDER FIGHT STOPPED.

Kansas City, Mo., Nov. 27.—Tommy Howell of Philadelphia and Clarence "Wildcat" Ferns of Oklahoma will not meet in their proposed bout scheduled to be held at Labor Temple here Thanksgiving day, if the action taken tonight by the police commissioners holds.

The commissioners ordered the contest stopped because it was alleged that tickets to the fight were being offered for sale indiscriminately, whereas the state law provides that admission to such exhibitions shall be limited to the members of the organization promoting them.

CITY AND COUNTY

J. B. Thompson, druggist at the Badger drug store, will spend today with home folks in Carthage, Ill.

An oyster supper will be given at Prairie college school Friday evening for the benefit of the library.

Mr. and Mrs. J. Marvin Thompson were Alexander visitors in the city yesterday.

George Hardwick was a visitor in the city yesterday from Merritt.

Visitors at Passavant hospital included A. T. Bitner of Mason City, Mr. and Mrs. Thomas Irlam of Murrayville, Mrs. J. P. Hawk of Roodhouse.

Misses Ethel Mann and Emma Hunter expected to spend Thanksgiving day with Mr. and Mrs. Frank Hunter at Sinclair.

Theodore Fritchey, a senior of the University of Illinois, is here to spend Thanksgiving day with his brother, Paul Fritchey, secretary of the Chamber of Commerce. Mr. Fritchey is president of the Commercial club of the University and manager for the varsity baseball team.

DEPUTIES SUMMON WITNESSES.

Washington, Nov. 27.—Sergeant-at-arms of the senate today sent a squad of deputies through the east to summon witnesses for the trial of Judge Robert W. Archbold of the commerce court. A list of 48 witnesses for the trial was furnished by the house managers of the Archbold proceedings after an extended conference.

The house managers are still in doubt as to the date of the opening of the Archbold trial before the senate, but they hardly will be able to make a start before Wednesday. The senate is expected to adjourn Monday without the transaction of business, out of respect to the late vice-president. Tuesday the body probably will adjourn out of respect to members who have died during the recess of congress, Senators Rayner and Hepburn.

EXPLAINS NEEDS OF GOVERNMENT.

Washington, Nov. 27.—Two cabinet members journeyed to the capitol to tell the Democrats of the house appropriations committee what will be necessary in the way of money for the conduct of the government departments next year.

Secretary of the Treasury MacVeagh and secretary of Agriculture Wilson appeared before the subcommittee of the appropriations committee framing the legislative executive and judicial appropriation bill, to explain the needs of their departments. Secretary MacVeagh criticised the government supply board, declaring that the material furnished several of the bureaus of the various departments was below a proper standard of usefulness.

Adjournment followed the adoption of the resolution.

WILL HOLD SESSION IN HARVESTER DISSOLUTION SUIT TODAY

Investigators Waited Four Hours Yesterday Waiting For Records.

Chicago, Nov. 27.—A Thanksgiving day session of the Chicago hearing in the government's suit to dissolve the International Harvester company will be held tomorrow morning for the purpose of examining certain records of the company. The investigators sat this afternoon for four hours awaiting the arrival of the documents which harvester officials were reported as sorting out from the company's files.

The government attorneys expect to obtain from the documents proof that the harvester sales committee met to fix prices on the general sale of harvesting and agricultural implements.

Edwin P. Grosvenor, the government prosecutor, at once put R. C. Haskins, president of the International Harvester company of America, on the stand when the papers were brought in shortly after 5 o'clock. Counsel for the government have been delayed an entire day without excuse or reason being offered for the non-production of these records, and now the government wants to know where they come from.

INTRODUCE NEW LAW.

Spokane, Wash., Nov. 27.—A law that would take the determination of the validity of Alaska coal claims from the hands of the department of the interior and place it in the hands of the federal courts was introduced today by the American Mining congress. A resolution was adopted favoring a federal law providing that all Alaska coal claimants who filed their claims before the withdrawal order of November 12th, 1906, be permitted to bring action against the United States in the courts of Alaska with right of appeal to higher courts to establish the validity of their claims.

Other resolutions adopted included a recommendation to President-elect Wilson that he appoint a man from one of the so-called "public lands" states as secretary of the interior and that congress direct the forest service to aid in building and maintaining roads to isolated mining camps within forest reserves.

The congress will urge that an appropriation be made for compiling and publishing mining statistics by the census bureau.

ETNYRE FOUND GUILTY.

His conviction carries an indeterminate sentence of from one year to life imprisonment.

HENRY JAMES ON STAND.

Cincinnati, O., Nov. 27.—With Henry G. James, a Detroit salesman, the government's first witness still on the stand, another day's hearing on the case of John H. Patterson and 29 other officials or former officials of the National Cash Register company, charged with violating the criminal section of the Sherman anti-trust act, took place today. James' testimony had to do with the company's alleged methods of "knocking out" rivals. He said 174 rival registers were "knocked out" in a single month.

TESTIFIED FITZGERALD USED ALIAS.

Chicago, Nov. 27.—Testimony was given in Judge Carpenters court today that George W. Fitzgerald, on trial for the alleged embezzlement of \$173,000 from the United States sub-treasury in Chicago used an alias in one of his private business deals. The alleged intent to conceal holdings of stock in the Illinois Car and Manufacturing company in which it was shown Fitzgerald had interests, was brought out through examination of O. R. Sherman, secretary of the car company. It was shown that the defendant had \$3,500 stock in the corporation under the name of "A. E. Johnson." Stock to the amount of \$3,500 was also held by Fitzgerald in his own name.

Mr. Sherman testified that Fitzgerald received bonuses of \$1,750 on each of the \$3,500 stock transactions.

GIVEN HEAVY SENTENCE.

Norwalk, O., Nov. 27.—Earnest Welch, convicted two weeks ago of assault and battery in connection with the tarring of Minnie LaValley at West Clarkfield, last August, this afternoon was sentenced to six months in the workhouse at Toledo and pay a fine of \$200 and costs, a total of \$500. This was the extreme penalty.

Sibben is said to have admitted that he had taken the money.

JANNUS IN CAIRO.

Before leaving Cape Girardeau he gave exhibition flights and carried three passengers. The aviator will exhibit his hydro-aeroplane tomorrow morning in flights over the water and depart at 2 p. m., on his way to New Orleans.

JONES, WOLGAST'S MANAGER IS CONFIDENT OF SUCCESS TODAY

Bets \$3,000 That Ad Will Best Willie Ritchie in Fight in Frisco.

San Francisco, Nov. 27.—Tom Jones, manager of Ad Wolgast, bet \$3,000 today on the chances of the light-weight champion against Willie Ritchie in the fight that is to take place tomorrow.

Betting Commissioner Tom Corbett laid \$1,000 to 5 and the rest of the money went at 10 to 6.

Most of the betting today was done at the 2 to 1 figure with considerable speculation at even money on Wolgast's chances to stop the local fighter in 18 rounds, but short end takers in small amounts were well to the front.

Ritchie is cheerful and confident that he did a little light work and is close to the 133-pound mark.

Wolgast eased up in his work today and the 133-pound notch is the least of his worries. He still thinks he is the greatest light-weight of the day.

PRESENTS MEMORIAL TO VILLAS

Madison, Wis. Nov. 27.—A bronze statue of the late Col. Wm. F. Villas, postmaster general and secretary of the interior in President Cleveland's cabinet will be informally presented to the government by Mrs. Villas and her daughter, Mrs. L. M. Hawks of this city, in the Vicksburg National Military park on November 30th.

The statue shows Mr. Villas as he was at the siege of Vicksburg, in the uniform of lieutenant colonel. A large granite base, approached by a flight of steps, is the foundation for the granite pedestal upon which the statue will stand.

WATER SUPPLY COMPANY WILL BE INCORPORATED SOON

New Organization Will Likely Take Over Holdings of Jacksonville Water Works Company.

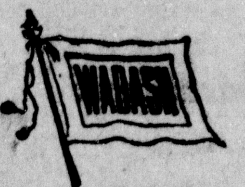

Authority was granted by the secretary of state Wednesday to Thomas Worthington, B. Haskell and O. D. Bleakley as commissioners to open stock subscriptions for the Jacksonville Water Supply Company, a new corporation. The capital of the new corporation is \$35,000 and its purpose is to supply water to Jacksonville and other cities.

Mr. Worthington stated yesterday that no particular facts could be announced at this time with reference to the new company. Mr. Haskell and Mr. Bleakley live in Franklin, Pa., and have recently returned there after spending a number of days in Jacksonville. It is possible that the new company may take over the Jacksonville Water Works company, subject to its liabilities and then make a proposition to the city to sell water without any reference to past dealings or transactions. It seems entirely probable that the purpose is to shape the water company affairs in such a way that a proposition to sell the city water, can be made, with such terms that offer will be acceptable to the city.

JURY INDICTS KRAMER.

Chicago, Nov. 27.—An indictment charging Charles Kramer, alias Conway, and his wife, Mrs. Beatrice Ryall Kramer, with the murder of Miss Sophia G. Singer of Baltimore, was returned today by the Grand Jury. They were ordered held without bail.

The murder of Miss Singer occurred on the night of October 28th. She was found in her room in a boarding house bound and gagged with her skull crushed.

Estate Range Route

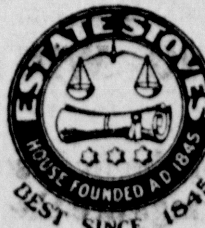

IT'S the short route, the safe route, the most economical route to culinary success.

That dilapidated old cook stove of yours that came over with the Pilgrims has seen its full quota of Thanksgivings. Why, goodness me, it can't even turn out the simplest kind of roasting or baking with any credit to itself or to you—let alone trying to tackle a ten-pound Turk!

So wouldn't right now be a good time to say goodbye to the old relic, with all its smoke, and soot, and dirt—to prepare for this Thanksgiving, and many Thanksgivings to come, with an up-to-date, economical, sanitary, scientific

RANGE

If Mr. Gobbler travels this route, he'll lose no weight on the way; he'll come to your table just as plump, and fine-flavored and juicy, as a Thanksgiving bird ought to be.

Your pies will be better baked, too, if you put the job up to an Estate; the crust evenly-browned, tender and flaky; the filling moist and flavory.

No time to waste, now—if you are going to "Own an Estate" on Thanksgiving; better see us today or tomorrow.

THE POWER OF STEAM.

Easy May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair. Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

RAILWAY RECEIPTS AND EXPENSES FOR SEPTEMBER.

The business of the railways for September while showing a considerable improvement over that of September, 1911, does not maintain the rate of increase set by the record-breaking month of August. The total net operating revenue of 90 per cent of the steam railways increased \$5,896,840 for September, while the increase for August was \$13,865,622. This increase in net operating revenue was at the rate of \$21 per mile of line for the month or at the rate of 70 cents per mile of line per day.

The total operating revenues per mile of line for the month increased 6.5 per cent, the operating expenses 7.3 per cent and the net operating revenue 5.1 per cent.

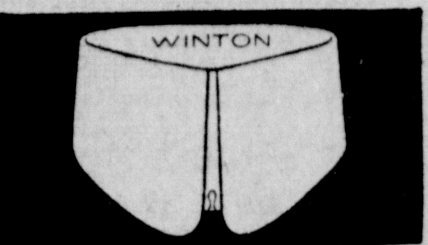

The foregoing statistics are from the summary made by the Bureau of Railway Economics from the reports of the railways to the Interstate Commerce commission. A special committee of the railways having headquarters in Chicago reports that bills now pending in the federal congress providing for an increase in the number of employees of the railways and for the rapid substitution of steel for wooden equipment will, if enacted, place the railways under an additional expense of approximately \$12,000,000 per annum for the former, and a total expense of \$32,746,000 for the latter purpose. Without compulsion, the railways in the course of three years have increased their steel equipment 750 per cent and their steel underframe equipment 256 per cent.

KEEPS FARMING RECORDS IN FINE BUSINESS SHAPE

B. F. Harris Now Extensively Quoted as Example for Agriculturists—Cattle Records For Seven Years Are Quoted.

B. F. Harris, the Champaign banker who carries on extensive farming operations, has contributed a great deal of valuable information to the sum total offered the farmers of Illinois. He operates his farms in thoroughly business like way, the system he uses being one which others might apply with profit. Some facts as to his methods are given herewith:

Mr. Harris distributes his expenses over 17 items: Monthly labor, special labor; husking, harvesting and threshing; superintendent's salary, board, etc.; corn fed and seed; building repairs, painting, etc.; machinery, repairs and blacksmithing; supplies, medicines and sundries; taxes, insurance, telephones; fence repairs, tiling, fertilizer permanent investment, dividends investment in cattle.

There are seventeen columns with numbers corresponding to the expense items above. And after the entry of each item and its date at the left of the page the amount of the item is carried out to the right and set in whichever one of the seventeen columns it belongs.

An inventory of all machinery, etc. on the place is kept, and whatever is sold, discarded or bought is recorded through the year so that a full inventory could be quickly made out at the end of every month or six months if desired, as well as at the end of each year.

The History of Each Field.
The entire improvements on the farm have cost \$3 per acre for the 253 acres. The following items are taken from his page of rotation records for 1910, there being a column for each field, and the rotation being corn, oats, clover with alfalfa standing five years.

Field 1, corn; ground plowed in fall, clover seed with 1,000 lbs. phosphate per acre; Leaning seed, planted 3 ft. 2 in.; yield 72 bushels.

Field 2, corn; ground plowed in the spring; was in corn last year, 200 loads manure during winter, white seed; yield 77 bu.

Field 3, oats; drilled north and south with clover seed; ground in corn last year; 125 loads manure; 2 tone limestone disked in; stalks double disked and harrowed.

Field 4, clover; first crop was clipped and left on ground, second cutting for seed, threshed 2 1/2 bu. seed, straw hauled back on field with manure.

Field 5, alfalfa; three cuttings. May 26, 1-3 tons; July 15, 2-2 tons; August 24, 1-4 tons.

Remarks: Season fairly good; too nice in March, with late frost; fairly dry in July, rainy in August.

As these columns are filled out year after year, each column gives the history of one field, shows just how the rotation has been carried out, treatment of the ground and the yields of grain and hay. Certainly it is interesting and worth while to keep such a record and see just what the land in each field is doing under the conditions named.

Cattle Records For Seven Years.
In response to a special request Mr. Harris gives the following view of his cattle operations from 1906 to date:

"In 1906, my feeder cattle, which are always the best native feeders I can buy, bought as a rule in Missouri, cost \$4.30, sold at \$6.05. The cost price being all expenses paid, delivered on the farm. Were sold for \$40.30 a head more than the cost, and made a net gain of 379 pounds. These cattle fed in 1907-08. 1906-07, cost \$4.25, sold \$7.35; net advance per head \$59.85; net gain 387 pounds.

"1907-08, cost \$4.75; sold \$7.25;

net advance per head \$45.64; net gain 315 pounds.

"1908-09, cost \$4.65; sold \$6.80; net advance \$37.14; net gain 291 pounds per head.

"1909-10, cost \$4.70; sold \$8.15; net advance per head \$66.78; net gain 415 pounds.

"1910-11, cost \$5.25; sold \$6.35; net gain per head \$33.23; net gain 381 pounds.

"1911-12, cost \$4.90; sold \$9.25; net advance per head \$77.80; gain 458 pounds.

"These various gains were made on from 40 to 75 bushels of corn per head, with bluegrass pasture and clover, and some alfalfa hay and occasionally some corn fodder. The cattle that will go on feed shortly will be fed out with silage.

"In addition I have the hogs following the cattle, so that I get the profit from the hogs and all the manure.

"During all this time I have not sold hogs, even on the farm, at less than \$5.60, nor on the Indianapolis and Chicago markets at less than \$6.10, and several sales above nine cents."

KINDERGARTEN PARTY.

Yesterday morning the little folks of the kindergarten on East North street had a nice party which they greatly enjoyed. Their teachers seated the children in a circle and then distributed refreshments which were taken with thanks and eaten with a keen relish. Stories, games and various pastimes interested the little people and they declared the occasion one especially delightful.

The bill of fare included popcorn given by Mrs. Riley, apples given by Mr. Thomas Richards and pumpkin tarts donated by Mrs. J. A. Smith three miles west of the city.

A Journal representative was present and told the children stories of far away lands where the little folks are very different from those here at home and where they have no such thing as a school or play-time for the rising generation.

HELD PUBLIC SALE.
Mrs. J. W. Litter held a very successful public sale Wednesday at her home near Litterberry. Farming implements bought—exceptionally high prices and the sale totaled \$2,600. Cows sold from \$65 to \$122.50, lambs from \$3.25 to \$4.50, cows \$60 to \$76, yearling heifers \$61 to \$69, weanling calves \$27.50 to \$44, spring shoats \$8 to \$9.50, brood sows \$20 to \$28, and horses brought good prices, one being bought by Joseph Cosner of Virginia, for \$201.
Lunch was served by the Willing Workers of the Christian church Sunday school. W. H. Crum acted as auctioneer and Charles McDaniels was the clerk.

OUT OF THE WRONG BOX.
A clerk started to show an indestructible comb which can be used like a saw with impunity and scraping the supposed article over a board was horrified to see every tooth fly like glass. He had gotten one from the wrong box and his face was a study, but he made the sale.

CHRISTIAN SCIENCE CHURCH.
Thanksgiving services will be held in the Christian Science church, Hantoon Bldg., 333 West State street, at 11 o'clock a. m. The public is cordially invited to attend this service.

AN OLD TIME PRINTER.
Squire Henderson has received a copy of the Los Angeles Times which contains a portrait of A. H. Corman and of Major Stephenson, the latter the founder of the Grand Army of the Republic and the former a member of the first post, organized at Decatur.
Mr. Corman was a member of Co. I, 101th Illinois infantry and at one time was a printer employed in the Journal office. He is now in the old soldiers' home near the Queen City of southern California.

SERIOUS ERROR IN JACKSONVILLE.
Jacksonville Citizens Will Do Well to Profit by the Following.
Many fatal cases of kidney disease have reached an incurable stage because the patient did not understand the symptoms. Even to day in Jacksonville there are many residents making the serious error. They attribute their mysterious aches and pains to overwork, or worry, perhaps, when all the time their rheumatic pains, backache and bladder irregularities are most probably due to weak and ailing kidneys. If you are ill, if your kidneys are out of order profit by this Jacksonville resident's experience.

Miss Mary Flynn, 830 Beesley avenue, Jacksonville, Ill., says: "Doan's Kidney Pills are a splendid remedy and act just as represented. I had sharp pains in the small of my back and also had backache which showed that my kidneys were unnatural. Since I used Doan's Kidney Pills, I have had none of these troubles."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

CARD OF THANKS.
We extend our heartfelt thanks to Harmony Lodge No. 3, Masons, and to the friends who so kindly assisted us with the funeral of our brother and uncle.
Edward Gillette.
Mr. and Mrs. C. D. Johnston.

Mrs. Peter Holan, 11501 Buckeye Road, S. E., Cleveland, O., had a little son with a bad case of whooping cough. She says: "He coughed until he was blue in the face. I gave him Foley's Honey and Tar Compound, and the first few doses had a remarkable and almost immediate effect. A few more doses cured him. Yes indeed I can recommend Foley's Honey and Tar Compound." In the yellow package. City Drug Store, J. A. Obermeyer.

Ordinain P. Fox, manager of the Athens of the West Minstrel troupe, expects to go to Mason City this morning to make arrangements for the company's appearance at that place.

BE SUSPICIOUS OF ANY CHRONIC ULCER

Any sore that is obstinate or slow in healing should cause suspicion and put the sufferer on guard. Many an ulcer which could have been cured if it had been properly treated, in time, has been allowed to remain open until it became infected with some degenerate poison from the outside which made it a malignant, eating sore. Most old sores come from an impure and polluted condition of the blood and can be healed if the circulation is cleansed and purified of the predisposing cause. To attempt to cure a chronic ulcer with salves, washes, lotions, etc. is trifling with what may become a serious condition. S. S. S. heals chronic ulcers in a perfectly natural way. It goes down into the blood and removes the impurities and morbid matters which are the means of keeping the place open; then the sore is bound to heal. Not only does S. S. S. cleanse the circulation but it restores its healing powers, and aids in promoting the necessary qualities for good health. S. S. S. builds new flesh tissue from the bottom of the ulcer to the outer skin and makes a permanent cure. Book on Sores and Ulcers and medical advice free to all who write and request same.

GENERAL MARKET NEWS

WAR RUMORS LEAD TO DECIDED ADVANCE IN WHEAT

Disturbing Rumors That French Troops Were Being Mobilized Strengthened Market.

(By Associated Press.)

Chicago, Nov. 27.—Unfounded disturbing rumors that French troops were being mobilized, led to a decided advance today in wheat. The close was firm, 1/2c over last night. Corn showed a gain of 1/4c, and oats a rise of 1/4c to 1/2c. In provisions, the outcome varied from unchanged figures to a rise of 2 1/2c. Profit-taking and French official denials resulted in wiping out only a small part of the wheat advance due to renewed uneasiness about the war situation. Month-end price changes at Paris gave some color to reports of unusual military activities and there were pessimistic despatches from Vienna regarding the outlook for peace. Shorts, who led the buying, showed radical aversion to any holiday risk of material extent. May wheat fluctuated between 90 1/4c and 91c, with the close 90 1/2c higher at 90c.

Corn advanced with wheat despite sales of a million bushels by a leading house. Fine weather failed as a bear influence. May ranged from 47 1/4c to 48 1/4c, closing firm 1/2c at 48c. Receipts disappointingly small furnished reason for oats to climb. May, which sold from 32 1/2c to 32 3/4c, closed with 1/2c gain at 32 1/2c.

Provisions developed considerable strength owing to the fact that offerings dwindled after the opening hour. In the end pork was leading the rally, and had become 7 1/2 to 2 1/2c higher.

NEW YORK STOCKS

New York, Nov. 27.—Stock exchange operators market time today. The characteristics of the market were its apathy and its steadiness in the face of the still unfavorable position of money. Traders deemed it hazardous to enter upon new ventures owing to the tension in money but at the same time there was no pressure to sell.

The attendance on the floor of the exchange was small and trading was reduced to a low point. The approach of the Thanksgiving holiday was partly responsible for the dullness. There was some pressure on Canadian Pacific and Reading and Lehigh Valley sold off just before the close.

Money was easier today with a maximum of 9 per cent for call loans. This was the opening rate, which renewals were made, and from this point quotations declined until, before the close there were offerings at 4 per cent. This was called upon for nearly \$2,000, 000 gold for shipment to Canada and San Francisco.

The comparatively small amount of liquidations in stocks induced by high money rates is accepted as an indication of Wall Street's inclination to take a hopeful view.

One factor doubtless has been the most persistently optimistic view held in the street as to the outcome of the Balkan war and the broader political situation in Europe. Traders also are influenced by the belief that the revival in the country's business will make itself felt on the stock exchange once the war crisis is past and the strain in money is relaxed.

THANKSGIVING DONATIONS BY THE WOMEN'S CHRISTIAN ASSOCIATION

Large Baskets of Good Things to Eat Contributed by the Children of the Public Schools and Citizens Given to the Poor.

For the past thirty years the Women's Christian association has made a practice each Thanksgiving day of receiving gifts for the poor, from friends in the city and especially the children of the public schools. The children contributed clothing, vegetables, fruits, and everything that would be appropriate for the recipients. The gifts were received in the W. C. A. rooms at the Y. M. C. A. building and here the ladies put them in baskets, each basket containing a variety. Two of the bakeries of the city gave four dozen loaves of bread, while meat markets, grocers and other merchants made liberal contributions. The baskets were taken to the doors of the people in A. C. Rice's automobile, which he had kindly donated for the occasion.

The association had been careful to learn just who the needy poor were in the city and the 41 baskets of things sent out yesterday brought comfort and cheer to many in the city. The baskets were loaned by two local merchants. Some supplies of potatoes and apples were left over and these will be used later on for those who are needy.

The cause is certainly a most worthy one and the association feels deeply grateful to every one who gave and in any way lent assistance.

SCORE INJURED IN WRECK.
Philadelphia, Nov. 27.—Five sleeping cars and a day coach filled with passengers from this city and New York for Pittsburgh and the west, were hurled over a twenty-foot embankment at Glenloch on the main line of the Pennsylvania railroad shortly before mid-night tonight. Relief trains were dispatched from this city and Lancaster when news of the accident was received by the officials. It is reported that two persons were killed and 22 injured. Railroad officials, while admitting 25 persons were injured say no one was killed. They say the accident probably was due to a broken rail.

The entertainment was in charge of a committee composed of J. E. Scott, L. B. Turner, J. F. Claus, J. E. Hall, E. D. Pyatt, and the refreshments were in charge of Charles Ratachak and Frank L. MAY BE TRAITOROUS QUALITIES IN THE AVERAGE PERSON

Rev. Mr. Darsie Asks Pertinent Question of Auditors—Many a Man Has Something of Judas About Him.

"Was Judas Iscariot very different from any one of us? Is there not a latent traitor in every man? Who can tell where the devil in him will stop if allowed a free course?" These were some of the questions that the speaker asked his hearers to face at the Central Christian church last night. The subject was "The Motives of a Suicide" and Rev. Mr. Darsie took the ground that at the time of his call Judas Iscariot was a young man of good possibilities. He may not have been the most spiritual type. It takes all sorts of people to make a world. But he had splendid possibilities.

And after his call he was entrusted with important interests. Luke 8:3 seems to indicate that there was a sort of Ladies' Aid society that provided means of support for the men who pushed the work. And Judas was treasurer of the movement.

The trouble was that he allowed his mind to dwell upon the material side of the work too much. He was covetous, and preferred a full treasury even to the honoring of his Lord. He allowed his imagination to be fired by pictures of an earthly kingdom, in which he should be chancellor of the exchequer or secretary of the treasury. And when Jesus would not lend himself to such an ambition, Judas was bitterly disappointed. He began to look for another means of profit, and found it in stealing the funds placed in his care. It was simply a case of long continued selfishness.

When the triumphal entry into Jerusalem had taken place he thought he had found an opportunity to line his own pocket and at the same time compel Jesus to follow the course he (Judas) had chosen for him. He never dreamed that Jesus would allow himself to be tried, condemned and killed. He thought he knew better than his Master, and chose his own course.

That night after the trial he hung around the outskirts of the crowd, waiting for Jesus to assert himself, as Judas confidently expected he would do. But when hearing after hearing went by, and finally his truest friend was condemned to death and led forth to the place of execution, the full horror of what he had done burst upon him. Hurrying to the priests he tried to give back the price of his treachery. And back the price of his treachery. And when the priests refused to receive it, as though money is any more tainted in the hand of the bribe-taker than in the hand of the bribe-giver he flung the accursed silver on the floor at their feet and went and hanged himself.

One difference between Judas and Peter is that Judas never seems to have asked for forgiveness and to have made a new start. Peter made almost innumerable blunders, but when rebuked for them he profited by the reproof and started out anew. And, after all, that is the difference between the bad man and the good one. One keeps trying to do better. The other does not profit by his failures.

There is in every man a devil and an angel—the possibility of a Judas or a Peter. You are deciding each day and hour and moment which shall rule. It is said of Judas "good were it for that man if he had not been born." May that be written over your grave?

The male quartette sang "Shall You; Shall I," during the song service, and by request J. L. Proffitt and Alex Campbell sang "Shadows."

The meetings will continue over tonight and tomorrow night. This being a holiday, a record crowd is expected tonight. And the sermon subject will be "A Crown of Thorns."

Friday and Saturday is your last chance to buy merchandise at November unloading sale prices at Phelps & Osborne's. You will find some very interesting prices on seasonal merchandise. Come and be shown.
